	<u>Amount</u>	<u>Date</u>	<u>Board Action</u>
Project Description and Total Budget	\$ 24,000	Nov. 2000	Requested

This project will install computer cabling and associated network switching devices in the student residence facilities. This work will support the future installation of approximately 40 computers, with Internet access, in the two residence halls. The computers will be installed for student use, with supervision, in a total of eight shared computer laboratory areas in the residence halls; this will include one laboratory on each floor of each facility.
